Experience

Aircraft Interior Cleaning

2022 – Present

Lion Mentari Airlines

Aircraft interior cleaning involves thorough cleaning and maintenance of the inside of an aircraft, ensuring passenger areas, cabin surfaces, and lavatories are sanitized. Tasks include vacuuming carpets, wiping surfaces, and maintaining high cleanliness standards to meet aviation regulations and provide a comfortable and safe environment for passengers and crew.

Production Operator

Aug 2021 - Nov 2021

Paragon Technology & Innovation

"As a freelance daily production operator at Paragon factory, I am responsible for operating production machinery and ensuring product quality. My tasks include setting up raw materials, maintaining machines, and participating in the packaging of finished products. I am committed to maintaining cleanliness in the work area and meeting established production standards."

The head of the basketball extracurricular

2018 - 2021

SMAN 12 Kab. Tangerang

"As the captain of the basketball team, my main responsibilities involve leadership and organization. Tasks include planning and coordinating practices, game strategies, as well as motivating and developing team members. Additionally, I handle the coordination of team activities both on and off the court. An effective leader ensuring a balance between team management and athletic performance."

Student council members

2015 - 2016

SMPN 2 Teluknaga

I am responsible for planning and implementing school activities, facilitating communication between students and the school administration, as well as supporting the development of creativity and leadership among students.
